Good Afternoon Capt. Stephens,

We did have a good 4th and I hope you did as well. I actually just spent this whole weekend in Salem with my girlfriend at The Salem Inn and had a great time going to the different museums and shops and restaurants. I will get your quote over quickly. I have some information about gun sales if you could share it with your special officers.

I sent you the pricing for Salem PD which is tax exempt. The price for an individual officer for an M&P40 #309600 is \$439.00 plus sales tax and shipping.

The officer can either come out to Greenfield and buy the gun directly at Jurek Brothers or I would have to send it to another gun shop closer to Salem. I can't ship them to the PD because a licensed dealer has to run them through the background checks before they take ownership.

If all of the officer picked the same gun shop I can divide out the shipping to cut down on their costs.

Each officer needs to send a copy of their Police ID to Jurek Brothers and they will pay us by credit card over the phone. Then they will do their transfer paperwork at the gun shop.

I will explain all of this to them again when they call.

If they need gear or anything like that we offer great prices as well.

Take Care and Sorry for the long e-mail,

Nick Jurek

Hi Nick,

I hope you have a great 4th of July. As far as the S&W quote we will be requiring our new special officers to purchase their own weapons so they will be reaching out to you. I have told them they should have the weapons shipped to the Department. I still may be buying a few for the Department.

I am looking for a quote for 10,000 rounds of ball ammo. My armorers tell me it's cheaper than frang. and we can use it at the Academy. I will also need 10 gun cleaning kits. Thank you.

The US government ordered so much 40 frangible ammunition that the Winchester factory is packaging all of it in the code that designates it for the feds. It is the exact same bullet but it will be in a brown package instead of black. **It is immediately available for shipment.** When Winchester completes the order for the government the black Ranger boxes will start to be used again. That will be in a month or two.

I was able to lower the price on the rifle a little bit. Please find the rifle quote attached above. I have those in stock right now.

Also, this week I got the confirmation for Salem's ammunition order. I was thinking about getting out of the office and making a delivery in person if you'd like to set up a time for me to come by the department.

Thanks,

Winchester pricing is going to change soon. Can you please fill out this exemption certificate and send it back to us so we can lock in the current prices? The ammunition will ship directly from Winchester's warehouses.

Also, I quoted you for the holsters with a hard plastic finish and no additional space for tactical lights. Let me know if you do need space for weapon lights or if you want a leather finish and I can revise the quote.

Thanks,
